
About Extended

Grace Evangelical Lutheran Church and School believes that it is their part of their mission to offer a Christian based Program that meets the needs of young people and their parents. The Extended Care Program provides parents with a safe, caring and flexible before and after school environment for their children.

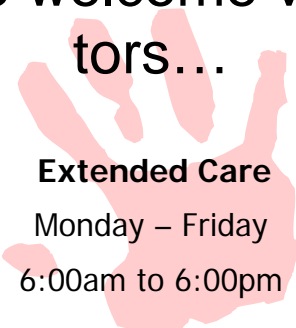

What is our Aim ?

We aim to provide a structured program with age appropriate activities that are different from the school day. We strive to create a safe, secure and loving environment in which children will feel able to relax and unwind. Our staff are caring Christian individuals who will provide encouragement and support to the children in their care.

How does a pre-paid account work ?

Children are registered prior to the start of each semester. Time can be purchased, in 10 hour increments, from the Extended Care Program at any time. Children will be signed in and out and the time used calculated to the half hour. A weekly time statement will be sent home with each child showing the number of hours remaining on the account and notifying the parents when additional hours need to be purchased. Any hours remaining at the end of a school year will be carried forward to the new school year.

We welcome visitors...

Extended Care
Monday – Friday
6:00am to 6:00pm
